

# FACE Costumes

We should find that getting our costumes together for this production relatively easy as face is set in the modern day. We will be relying on cast members to provide their own costumes, except for the items detailed below.

Remember – if it is not your cast's night... you are still in the ensemble and will need the base costume below.

## All cast members (base costume) –

**All black** urban modern clothing. You can create your own look or style depending on your character. Some options could be –

**Bottoms** – jeans, leggings, joggers

**Tops** – t-shirt (long or short sleeve), vest top, crop top, hoodie, gilet, jacket

**Shoes** – trainers, boots, plimsolls

**See pictures below for some ideas:**

## Main Cast Members

An additional item in a bright colour, something that suits your character.

For example, a hat, jacket, jumper, cardigan, scarf, tie, glasses, accessories etc. Something you can easily put on over your black base and take off after.

**The following will be provided by us for the following characters –**

**Martins, Past, Present and Narrative** - A hoody and hat.

**Nurses** – Matching uniform top.

**Gym Team** – Blue T-shirts

See the pictures below for some ideas for additional items. Where possible, please avoid patterns.

**Please can you ensure that ALL parts of the costumes are name labelled. We will be expecting everyone to take FULL RESPONSIBILITY of their costume every night and they will be COMING IN THEIR BASE COSTUME EVERY SHOW. This makes organisation a lot easier for us. We appreciate your support with this.**

Please contact me if there are any questions regarding the costume.

Many thanks for your support,

*Miss Owen*

**Teacher in Charge of Drama**
