Health and Safety Policy

Important coronavirus (COVID-19) update

This policy has been updated in line with the current guidance from the UK government. Please have due regard for the stipulations within this amendment for the duration of schools being partially closed. Once all students return to school full-time, schools can refer to the provisions within the main body of this policy.

The DfE coronavirus helpline is: 0800 046 8687 Monday to Friday from 8:00am to 6:00pm and weekends 10:00am to 4:00pm. You can also email the helpline on DfE.coronavirushelpline@education.gov.uk

Statement of intent

At **Davenant Foundation School**, we are committed to the health and safety of our staff, pupils and visitors. Ensuring the safety of our community is of paramount importance and this policy reflects our dedication to creating a safe learning environment.

We are committed to:

- Providing a productive and safe learning environment.
- Preventing accidents and any work-related illnesses.
- Compliance with all statutory requirements.
- Minimising risks via assessment and policy.
- Providing safe working equipment and ensuring safe working methods.
- Including all staff and representatives in health and safety decisions.
- Monitoring and reviewing our policies to ensure effectiveness.
- Setting high targets and objectives to develop the school's culture of continuous improvement.
- Ensuring adequate welfare facilities are available throughout our school.
- Ensuring adequate resources are available to address health and safety issues, so far as is reasonably practicable.

Signed by:

_____	Head Teacher	Date: _____
_____	Chair of Governors	Date: _____

1. Legal framework

1.1. This policy has due regard to all relevant legislation including, but not limited to, the following:

- Health and Safety at Work etc. Act 1974
- The Workplace (Health, Safety and Welfare) Regulations 1992
- The Management of Health and Safety at Work Regulations 1999
- The Control of Substances Hazardous to Health Regulations 2002
- The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013
- The Construction (Design and Management) Regulations 2015
- The Personal Protective Equipment at Work Regulations 1992
- The Education (School Premises) Regulations 1999
- The Ionising Radiation Regulations 2017 (IRR17)
- DfE (2020) 'Actions for education and childcare settings to prepare for wider opening from 1 June 2020'
- DfE (2020) 'Implementing protective measures in education and childcare settings'
- DfE (2020) 'Safe working in education, childcare, and children's social care settings, including the use of personal protective equipment (PPE)'
- PHE and DfE (2020) 'Coronavirus (COVID-19): guidance for educational settings'
- PHE (2020) 'COVID-19: cleaning in non-healthcare settings'

1.2. This policy has due regard to national guidance including, but not limited to, the following:

- DfE (2018) 'Health and safety: responsibilities and duties for schools'
- DfE (2015) 'Health and safety for school children'
- DfE (2018) 'Keeping children safe in education'
- DfE (2017) 'Safe storage and disposal of hazardous materials and chemicals'
- HSE (2014) 'Sensible health and safety management in schools'

1.3. This policy operates in conjunction with the following school policies:

- **Uniform Requirements**
- **Asbestos Management Policy and Plan**
- **Supporting Pupils with Medical Conditions Policy**
- **Educational Trips and Visits Policy**
- **Lone Working Policy**
- **Adverse Weather Procedures**
- **Full Lockdown Policy / Procedure (including Emergency Evacuation Procedures)**
- **Fire Safety Policy**

- **Personal Emergency Evacuation Plan (PEEP)**
- **Fire Evacuation Plan**
- **Accident Reporting Procedure**
- **Visitor Procedure**
- **Contractors Procedure**
- **Minibus Policy**
- **COSHH Procedures**
- **Surveillance and CCTV Policy**

2. Roles and responsibilities

2.1. The **Governing board**, in consultation with the **Head Teacher**, will:

- Ensure familiarity with the requirements of the appropriate legislation and codes of practice.
- Create and monitor a management structure responsible for health and safety in the school.
- Ensure there is a detailed and enforceable policy for health and safety, and that the policy is implemented by all.
- **Annually** assess the effectiveness of the policy and ensure any necessary changes are made.
- Identify risks relating to possible accidents and injuries, and make reasonable adjustments to prevent them occurring.

2.2. The **Governing Board** will provide:

- A safe place for all users of the site including staff, pupils and visitors.
- Safe means of entry and exit for all site users.
- Equipment, grounds and systems of work, which are safe.
- Safe arrangements for the handling, storage and transportation of any articles and substances.
- Safe and healthy working conditions that comply with statutory requirements, codes of practice and guidance.
- Supervision, training and instruction so that all staff can perform their duties in a healthy and safe manner.
- Where necessary, protective equipment and clothing, along with any necessary guidance and instruction.

2.3. The **Head Teacher** will:

- Have overall responsibility for the day-to-day development and implementation of safe working practices and conditions for all staff, pupils and visitors.
- Set the direction for effective health and safety management.
- Introduce management systems and practices that ensure risks are dealt with sensibly, responsibly and proportionately.
- Review this policy and its effectiveness **annually**.

- Take all reasonably practicable steps to ensure this policy is implemented by the heads of the appropriate departments and other members of staff.
- Designate a competent person who will be responsible for ensuring the school meets its health and safety duties – the competent person will be (school staff) – the **health and safety officer** and external – (RSA – In House Safety)

2.4. The competent **health and safety officer** will:

- Assist with the creation and implementation of this policy.
- Be responsible for investigating accidents and incidents, to understand causes and amend risk assessments as required.
- Be the designated contact with the HSE where necessary.
- Support staff with any queries or concerns regarding health and safety.
- Identify hazards by conducting risk assessments.

2.5. Supervisory staff/department heads will:

- Be familiar with the requirements of health and safety legislation.
- Be responsible for the implementation and operation of the school's Health and Safety Policy in their department, and for areas of responsibility delegated by the **Head Teacher**.
- Be responsible for adhering to the aspects of health and safety that are outlined in their job descriptions.
- Take a keen interest in the Health and Safety Policy and assist in ensuring all staff, pupils and visitors comply with its requirements.

2.6. All members of staff will:

- Take reasonable care of their own health and safety, and that of others who may be affected by what they do at work.
- Cooperate with their employers on health and safety matters.
- Carry out their work in accordance with training and instructions.
- Inform the employer of any work situation representing a serious and immediate danger, so that remedial action can be taken.
- Familiarise themselves with the Health and Safety Policy and aspects of their work related to health and safety.
- Avoid any conduct, which puts themselves or others at risk.
- Be familiar with all requirements laid down by the **Governing Board**.
- Ensure that all staff, pupils and visitors are applying health and safety regulations and adhering to any rules, routines and procedures in place.
- Ensure all machinery and equipment is in good working order and safe to use, including adequate guards. They will also not allow improper use of such equipment.
- Use the correct equipment and tools for the job and any protective clothing supplied.
- Ensure any toxic, hazardous or flammable substances are used correctly, and stored and labelled as appropriate.

- Report any defects in equipment or facilities to the designated **Premises Team** and /or **Health and Safety officer**.
- Take an interest in health and safety matters, and suggest any changes that they feel are appropriate.
- Make suggestions as to how the school can reduce the risk of injuries, illnesses and accidents.
- Exercise good standards of housekeeping and cleanliness.
- Adhere to their common law duty to act as a prudent parent would when in charge of pupils.

3. Construction/maintenance of the premises

- 3.1. When undertaking construction or maintenance work, the school will do so in accordance with The Construction (Design and Management) (CDM) Regulations 2015.
- 3.2. Construction work means:
 - The carrying out of any building, civil engineering or engineering construction work and includes:
 - The construction, alteration, conversion, fitting out, commission, renovation, repair, upkeep, redecoration or other maintenance, decommissioning, demolition or dismantling of a structure;
 - The preparation for an intended structure, including site clearance, exploration, investigation (but not site survey) and excavation (but not pre-construction archaeological investigations), and the clearance or preparation of the site or structure for use or occupation at its conclusion;
 - The installation, commission, maintenance, repair or removal of mechanical, electrical, gas, compressed, air, hydraulic, telecommunications, computer or similar services which are normally fixed within or to a structure;
 - The assembly on site of prefabricated elements to form a structure or the disassembly on site of the prefabricated elements which, immediately before such disassembly, formed a structure;
 - The removal of a structure, or of any product or waste resulting from demolition or dismantling of a structure, or from disassembly of prefabricated elements, which immediately before such disassembly formed such a structure.

- 3.3. The **Head Teacher** will ensure that all construction and maintenance projects have a formally appointed principal designer and principal contractor.
- 3.4. The **Head Teacher** will liaise with the principal contractor to identify if the scope of the project means that it should be notified to the HSE.
- 3.5. The **Head Teacher** will ensure that:
- The principal designer and principal contractor are provided with a 'client brief/CDM pre-construction information' at the earliest opportunity, to contain relevant information which should, as a minimum, include the following:
 - What the school wants built or maintained
 - The site and existing structures
 - Information about hazards, such as asbestos
 - Timescales and budget for the build
 - How the school expects the project to be managed
 - CDM appointments of principal contractor/principal designer
 - Welfare arrangements
 - Details of the nearest A&E department
 - The principal contractor draws up a [Construction Phase Plan](#) that explains how health and safety risks will be managed – permission will not be given for construction or maintenance work to begin until this is in place.
 - The principal designer prepares a health and safety file containing information that will help the school manage risks associated with any future maintenance, repair, construction or demolition work.
 - The roles, functions and responsibilities of the project team are clearly defined in writing, e.g. in the project plan.
 - Sufficient time and resources are allocated, and effective mechanisms are in place to ensure good communication, cooperation and coordination between all members of the project team.
 - The principal contractor has arranged for adequate welfare facilities for their workers before the construction or maintenance work starts.
 - Following completion of the project, the health and safety file is handed over to the **Head Teacher**, kept up-to-date by the **Premises Manager** and is made available to anyone who needs to alter or maintain the building.
- 3.6. The **Head Teacher** will hold **regular** progress meetings with the project team to ensure that all members are carrying out their roles as required.
- 3.7. Where the project is for a new workplace or alterations to an existing workplace, it must also meet the standards set out in The Workplace (Health, Safety and Welfare) Regulations 1992.

4. Pupils' duties

4.1. Pupils will:

- Exercise personal responsibility for the health and safety of themselves and others.
- Dress in a manner that is consistent with safety and hygiene standards.
- Respond to instructions given by staff in an emergency.
- Observe the health and safety rules of the school.
- Not misuse, neglect or interfere with items supplied for their, and other pupils', health and safety.
- Adhere to the government's and/or school's social distancing guidelines.

5. Training

- 5.1. The school will ensure that staff members are provided with the health and safety training they need for their job. This may not mean attendance at training courses; it may simply involve providing staff with basic instructions and information about health and safety in the school.
- 5.2. The **Head Teacher** will ensure that relevant staff members are suitably trained in the handling of hazardous chemicals and materials.
- 5.3. The **Head Teacher** will ensure that there are an appropriate number of first-aid trained staff members working within the school during working hours.
- 5.4. Staff members will be provided with regular training opportunities and have access to support where needed.
- 5.5. Staff members are expected to undertake appropriate CPD in order to further contribute to the running and success of the school.
- 5.6. Staff will be trained on how to assess risks specific to their role.
- 5.7. The **Health and Safety Officer** will ensure staff know how to meet their duties outline in this policy.
- 5.8. Where relevant to their role, staff will receive specific training in:
 - Using industrial machinery.
 - Managing asbestos.
 - Having responsibility for the storage and accountability for potentially hazardous materials.

6. First aid

- 6.1. The school will ensure ample provision is made for both trained personnel and first-aid equipment on-site.
- 6.2. The following staff members are trained first-aiders:

Name	Location	Extension no.	Expiry date
M Gipson	Reception	201	February 2021
A Kilden	Back Office	204	May 2021
E Buck	6 th Form Office	287	March 2020
D Pearce	Performing Arts Office	255	May 2021
T Beaumont	Teaching Staff	272	October 2020
C Everitt	TA	213	July 2021
V Khamar	Science	253	November 2021
R Munro	DT		December 2020
Mr M Nelson	Premises Office	335	December 2020
Mr P Murphy	Premises Office	335	February 2021

- 6.3. First aid boxes are located as follows, and the schools maintenance officer is responsible for monthly checks on all first aid boxes held in the school.

Location
Sports Hall
Swimming Pool
Science Laboratories
Gym
6 th Form Office

Art / Food Tech Office
Reception
Medical Room
DT Rooms
Kitchen

7. Contacting the emergency services

- 7.1. The **Head Teacher** will certify that procedures for ensuring safety precautions are properly managed are discussed, formulated and effectively disseminated to all staff.
- 7.2. Staff will contact the emergency services in an emergency.
- 7.3. Staff will alert their colleagues to the incident, if it is safe and appropriate to do so, using two-way radios.
- 7.4. Where an ambulance is called for a pupil, **office staff** will contact the pupil's parents.
- 7.5. Where necessary, all pupils will be evacuated from the building and taken to the designated emergency assembly point – currently, this is **Hard Surface Area (adjacent main field)**
- 7.6. Staff will be aware of any pupils who have specific evacuation needs.
- 7.7. Staff will be responsible for the safety of pupils and responding to any questions from the emergency services, as best they can.

8. Fire safety

- 8.1. All staff members fully understand and effectively implement the **Fire Evacuation Plan**.
- 8.2. The **Head Teacher** is responsible for certifying that procedures for ensuring that safety precautions are properly managed will be discussed, formulated and effectively disseminated to all staff.
- 8.3. Staff will receive fire safety training to ensure they understand the procedure for fire drills and the use of fire extinguishers. (Fire Marshals only)
- 8.4. The school will test evacuation procedures two times per academic year
- 8.5. The evacuation of visitors and contractors will be the responsibility of the person they are visiting or working for.
- 8.6. An approved contractor will check firefighting equipment on an annual basis.

- 8.7. Fire alarms will be tested **weekly** from different 'break glass' fire points around the school, and records will be maintained and held in the **Premises Office**
- 8.8. Emergency lighting will be tested on a **regular** basis, and records will be maintained and held in the **Premises Office**.

9. Accident reporting

- 9.1. All accidents and incidents, including near misses or dangerous occurrences, will be reported as soon as possible to the schools **Compliance Officer** using the standard **Accident Report Form** and/or **Near Miss Form**.
- 9.2. The **Health and Safety Officer** will be responsible for informing the **Head Teacher** if the accident is fatal or a "major injury", as outlined by the HSE.

10. Significant accidents

- 10.1. Significant accidents, as defined in the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, will be reported to the HSE at the earliest opportunity.
- 10.2. The 'specified injuries' which must be reported include the following:
- Accidents to employees causing either death or major injury
 - Accidents resulting in employees being away from work or being unable to perform their normal work duties for more than seven consecutive days (this seven-day period does not include the day of the accident)
 - Fractures, other than to fingers, thumbs and toes
 - Amputation of an arm, hand, finger, thumb, leg, foot or toe
 - Any injury likely to lead to permanent loss of sight or reduction in sight in one or both eyes
 - Any crush injury to the head or torso, causing damage to the brain or internal organs
 - Any burn injury (including scalding) which covers more than 10 percent of the whole body's surface area or causes significant damage to the eyes, respiratory system or other vital organs
 - Any degree of scalping requiring hospital treatment
 - Any loss of consciousness caused by head injury or asphyxia
 - Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness, or that requires resuscitation or admittance to hospital for more than 24 hours
- 10.3. Additional reportable occurrences include the following:
- The collapse, overturning or failure of any load-bearing part of any lifting equipment
 - The explosion, collapse or bursting of any closed vessel or pipe work
 - Electrical short circuit or overload resulting in a fire or explosion

- Unintentional explosion, misfire or failure of demolition to cause the intended collapse, projection of material beyond a site boundary, or injury caused by an explosion
- Any accidental release of a biological agent likely to cause severe human illness
- Any collapse or partial collapse of scaffolding over five metres in height
- When a dangerous substance being conveyed by road is involved in a fire or is released
- The unintended collapse of any building or structure under construction, alteration or demolition, including walls or floors
- Any explosion or fire resulting in the suspension of normal work for over 24 hours
- Any sudden, uncontrolled release in a building of: 200kg or more of flammable liquid, 10kg or more of flammable liquid above its boiling point, 10kg or more of flammable gas, or 500kg or more of these substances if the release is in the open air
- Accidental release of any substances which may damage health
- Serious gas incidents
- Poisonings
- Skin diseases including, but not limited to: occupational dermatitis, skin cancer, chrome ulcer, oil folliculitis/acne
- Lung diseases including, but not limited to: occupational asthma, farmer's lung, asbestosis, mesothelioma
- Infections including, but not limited to: leptospirosis, hepatitis, anthrax, legionellosis, tetanus
- Other conditions such as occupational cancer, certain musculoskeletal disorders, decompression illness and hand-arm vibration syndrome

11. Reporting procedures

- 11.1. Should an incident require reporting to the Incident Control Centre (ICC) (part of the HSE), the **Health and Safety Officer**, or a person appointed on their behalf, will file a report as soon as is reasonably possible.
- 11.2. The person will complete the relevant report on the HSE website: <http://www.hse.gov.uk/riddor/report.htm>.
- 11.3. The HSE no longer accepts written accident reports, except for in exceptional circumstances. The school will report all accidents and injuries online where possible (using the above link/web address).
- 11.4. Fatal and specified injuries, as outlined in 10.2, may only be reported using the telephone service on 0845 300 9923 (open Monday to Friday 8.30am to 5pm).

12. Reporting hazards

- 12.1. Staff, pupils, contractors and visitors have a legal duty to report any condition or practice they deem to be a hazard.
- 12.2. In the main, reporting should be conducted verbally and/or by email to the **Premises Team** as soon as possible, who will then inform the **Head Teacher** (as appropriate).

13. Accident investigation

- 13.1. The **Health and Safety Officer**, however small, will investigate all accidents, and the outcomes recorded.
- 13.2. The length of time dedicated to each investigation will vary on the seriousness of the accident.
- 13.3. After an investigation takes place, a risk assessment will be carried out, or the existing assessment amended, to avoid reoccurrence of the accident.
- 13.4. The **Compliance Officer** will provide statistical analysis of all reported incidents. They will then identify patterns and trends in order to take corrective action and minimise the reoccurrence of any incident/illness.

14. Our active monitoring system

- 14.1. It is good practice to actively monitor systems prior to accidents, ill health or incidents taking place; this involves regularly checking compliance procedures and the achievement of objectives. Our procedure for actively monitoring our system includes:
 - Annual audits, including fire risk assessments and health and safety audits.
 - **Termly** examination of documents to ensure compliance with standards.
 - **Termly** inspection of premises, plants and equipment.
 - **Monthly** reports and updates to the **Head Teacher**.
 - External measures, such as surveys by contractors and service providers, along with visits from Environmental Health and Ofsted.

15. Lockdown procedure

- 15.1. In the event of an emergency, the procedures outlined in the **Lockdown and Evacuation Policy** and **Lockdown Procedure** (work in progress) will be followed.

16. Evacuation

- 16.1. The school will follow the procedure outlined in the **Personal Emergency Evacuation Plan (PEEP)** in the event of a crisis.
- 16.2. In the event of a fire, the **Fire Evacuation Plan** will be implemented.

- 16.3. In the event of an emergency situation, if an evacuation is deemed necessary, the following procedure will take place:
- Staff and pupils will be asked to make their way to the normal fire assembly area (the area should be moved if close to the area of the bomb or suspicious package).
 - Staff will be positioned at all gates leading into the school and nobody will be allowed in or out except for emergency personnel.
 - Once the police have arrived, staff will await further instruction from the emergency services.
 - The evacuation will then take place as per fire drill procedures, except staff will be instructed to: Take all essential personal items with them, to avoid unnecessary searching.

17. Visitors to the school

- 17.1. The procedures outlined in the **Visitor Procedures** and relevant staff when receiving visitors to the school will implement the Contractors Procedures.
- 17.2. All visitors and contractors will sign in to reception.
- 17.3. Once signed in, visitors and contractors will be collected from reception by the member of staff they are visiting, or escorted to the area of the school concerned.
- 17.4. No contractor will carry out work on the school site without the express permission of the **Head Teacher**, other than in an emergency or to make the site safe following theft or vandalism.
- 17.5. Contractors will be responsible for the health and safety of their employees and for ensuring safe working practices. They will not constitute a hazard to staff, pupils or visitors to the school.
- 17.6. Anyone hiring the premises will be made aware of their health and safety obligations when making the booking.
- 17.7. Visitors and contractors will wear a visitor's badge at all times while on school grounds.
- 17.8. Cleaning contractors will wear an easily identifiable uniform or badge at all times.
- 17.9. Temporary teaching staff and assistants will inform reception of their presence by reporting to reception on arrival and signing the visitors' log.
- 17.10. Staff members who encounter an unidentifiable visitor will enquire if they require assistance and direct them to reception or off site.
- 17.11. Staff members who encounter uncooperative visitors threatening violence, refusing to leave the site, or carrying out physical or verbal abuse will seek immediate help via a 999 phone call.

18. Personal protective equipment (PPE)

- 18.1. PPE means all equipment worn, or held, by staff or pupils, which is designed to protect them from specified hazards.
- 18.2. In line with the Personal Protective Equipment at Work Regulations 1992, the school will provide employees and pupils who are exposed to a hazard at the school, which cannot be controlled by other means, with PPE.
- 18.3. All staff and pupils will be provided with protective eyewear in all workshops and laboratories. Visitors will also be supplied with PPE when appropriate.
- 18.4. Staff and pupils will use the PPE provided, and care for it according to the instructions and training given.
- 18.5. Pupils will report any loss or defects to their **class teacher**, who will report it to the **Premises Manager** for repair.
- 18.6. The PPE will fit the wearer properly. Where more than one item of PPE must be worn, they should be compatible and remain effective.
- 18.7. PPE will not be worn if the hazard is caused by wearing it that is greater than the hazard it is intended to protect the wearer from.
- 18.8. PPE includes laboratory and workshop equipment, such as toolbox tools, protective clothing, safety footwear and facemasks, PE equipment, ICT equipment, photocopiers and other office equipment, lifting equipment and respiratory protective equipment.
- 18.9. Clothing that is not specifically designed to preserve the health and safety of the wearer does not constitute as PPE, e.g. school uniform.
- 18.10. Thorough risk assessments are carried out by **Subject Specific Staff** to determine the suitable PPE to be used for each hazard and these are reviewed on a **termly** basis.
- 18.11. Staff and pupils can expect that any equipment they use is suitable for its intended use and is properly maintained.
- 18.12. When not in use, PPE will be stored properly, kept clean, and in good repair.
- 18.13. Specific staff will receive health and safety training in order to ensure they know how to properly use, maintain and store PPE, and how to detect and report faults.
- 18.14. Equipment manuals are readily available and warning signs are clearly displayed in areas, and on equipment, where PPE is mandatory.
- 18.15. The school understands its duty to cover the costs of purchase, cleaning and repair for all clothing that is:
 - Protective clothing that staff require to fulfil their roles.

- A uniform that employees only wear to work.

19. Maintaining equipment

- 19.1. Inspectors, or specialist staff , will inspect the following equipment for health and safety issues **annually**:
- All electrical appliances
 - All fixed gymnasium equipment
 - Any workshop equipment, e.g. lathes and kilns
 - All fume cupboards
- 19.2. It is the responsibility of the **specialist subject specific staff** to ensure new equipment meets the appropriate standards and conforms to all health and safety requirements.

20. Hazardous materials

- 20.1. The school will act in accordance with the school's **COSHH Procedures** at all times.
- 20.2. No chemicals or other hazardous materials will be used without the permission of the **Head Teacher**.
- 20.3. The school will only purchase hazardous materials from a reputable source, making sure that the relevant material safety data sheet (MSDS) is provided by the retailer on delivery.
- 20.4. The school will only order supplies of hazardous materials when existing stocks are no longer adequate, and in quantities that are no larger than necessary.
- 20.5. The **Head Teacher** is responsible for ensuring all products that may be hazardous to health are risk assessed before being used, taking into account the advice on the relevant MSDS or Hazcard – the latter is provided from CLEAPPS, recognised by Ofsted and HSE as a definitive basis for undertaking practical work safely.
- 20.6. The **Premises Manager** in liaison with the **Compliance Officer** will ensure that the relevant control measures and appropriate guidelines are put in place to manage the risks identified in risk assessments.
- 20.7. Control measures will be checked and reviewed by the **Premises Manager** and/or the **Compliance Officer** on an annual basis to ensure continued effectiveness, even when they are known to be reliable.
- 20.8. All equipment, materials and chemicals will be held in appropriate containers and areas conforming to health and safety regulations.

- 20.9. Hazardous substances will be labelled with the correct hazard sign and contents label.
- 20.10. Specialist staff will consider storage life. All COSHH and ionising radiations regulations will be adhered to.
- 20.11. Low-toxic products, such as corrective fluid and aerosol paints, will be stored securely and only used under supervision in a well-ventilated area.
- 20.12. Dust and fumes will be safely controlled by local exhaust ventilation equipment.
- 20.13. No staff member or pupil should ever be put at risk through exposure to any hazardous substance used in our practical curriculum.
- 20.14. No potentially hazardous materials will be used in lessons without the approval of the **Head Teacher**.
- 20.15. The **Subject Specific Head of Departments** will ensure staff are appropriately trained to use hazardous materials.
- 20.16. Where a substance has a workplace exposure limit, control measures will ensure that exposure is below the limit.
- 20.17. The **Premises Manager** will keep an up-to-date inventory of all the hazardous chemicals and materials held at the school.
- 20.18. An **annual** audit of hazardous materials will be undertaken by the **Premises Manager and/or Specialist Staff** with routine surveillance to ensure that they remain safe to store. A registered waste carrier, in accordance with school procedures, will dispose of unwanted or surplus chemicals and materials, including those that have become unsafe.

21. Asbestos management

- 21.1. In accordance with HSE guidance, an asbestos management survey was undertaken in January 2019 by **Enviromtec Limited**, which is a United Kingdom Accreditation Service accredited surveying organisation.
- 21.2. This survey will be undertaken following any changes of use to a location or prior to any significant building work.
- 21.3. As a result of the asbestos management survey, risks were identified and dealt with on a priority basis.
- 21.4. Further details concerning the management of asbestos can be found in the **Asbestos Management Policy / Plan**.

22. Medicine and drugs

- 22.1. The school's **Supporting Pupils with Medical Conditions Policy** will be read, understood and adhered to at all times.
- 22.2. The school will obtain notification from parents regarding any medication that pupils are required to take.
- 22.3. Only trained staff will administer medication.
- 22.4. Staff will receive **annual** training in supporting pupils with medical conditions.
- 22.5. A record will be kept of any medication that pupils take – this will be checked prior to administering any non-prescription medication.

23. Smoking

- 23.1. The school is a non-smoking premises and no smoking will be permitted on the grounds.

24. Housekeeping and cleanliness

- 24.1. Cleaners will be monitored by the **Premises Manager** and/or **Cleaning Supervisor**. The standard required will be clear in the service level agreement held with the cleaners.
- 24.2. Special consideration will be given to hygiene areas.
- 24.3. The **Premises Manager** will monitor waste collection services.
- 24.4. Special consideration will be given to the disposal of laboratory materials and clinical waste.
- 24.5. The **Head Teacher** is responsible for ensuring that the school is at a safe temperature for staff and pupils to work in. The school will adhere to the provisions as outlined in The Education (School Premises) Regulations 1999, which state:

Areas	Temperature
Where there is a below-normal level of physical activity due to ill health or a physical disability, e.g. isolation rooms; however, this does not include sleeping accommodation	21°C
Where there is a normal level of physical activity associated with teaching, private study or examinations	18°C
Where there is a high level of physical activity, e.g. PE sports halls, washrooms, sleeping accommodation and circulation spaces	15°C

25. Infection control

25.1. The school actively prevents the spread of infection through the following measures:

- Routine immunisation
- Maintaining high standards of personal hygiene and practice
- Maintaining a clean environment
- Enhanced cleaning protocols to be adopted in the event of an epidemic and/or pandemic. (The frequency of cleaning will increase, particularly for surfaces in classrooms, within toilet blocks and in changing rooms, in accordance with PHE's 'COVID-19: cleaning of non-healthcare settings' guidance and the school's)

25.2. The school employs good hygiene practices in the following ways:

- Displaying posters throughout the school, encouraging all pupils, staff members and visitors to wash their hands after using the toilet, before eating or handling food, after touching animals, and following any other actions that increase the risk of the spread of infection, such as coughing or sneezing
- Ensuring there is sufficient liquid soap, warm water and paper towels available for everyone to wash their hands throughout the school
- Employing cleaners to carry out thorough and frequent cleaning that follows national guidance
- Providing PPE where necessary
- Immediately cleaning any spillages of bodily fluids with a combination of detergent and disinfectant, and always wearing PPE. Mops will not be used to clean up body fluid spillages; instead, paper towels will be used and discarded properly, following the procedures for clinical waste
- Washing all laundry in a separate dedicated facility and washing any soiled linens separately
- Hygienically bagging any pupils' soiled clothing to go home and never rinsing it by hand
- Storing all clinical waste in clinical waste bags and in a secure, dedicated area, before it is removed by a registered waste contractor
- Providing a secure sharps bin, out of reach of pupils, for the disposal of sharps
- Discouraging pupils, staff members and visitors from touching any stray animals that may come onto the school premises

25.3. Staff and pupils displaying signs of infection, such as rashes, vomiting, diarrhoea, etc., will be sent home and recommended to see a doctor.

25.4. The school keeps up-to-date with national and local immunisation scheduling and advice. All pupils' immunisation status is checked at school entry and at the time of any vaccination.

25.5. The school encourages parents to have their children immunised.

- 25.6. All cuts and abrasions will be covered with waterproof dressings.
- 25.7. The school will ensure that arrangements are in place to minimise any pupil health risks, e.g. flu, by ensuring hygiene standards are maintained and pupils and staff are not permitted in school if they are unwell.
- 25.8. COVID-19 – Staff, students, parents or visitors, displaying symptoms of COVID 19 are to remain at home and follow the advice given by GOV.UK: Stay at Home: guidance for households with possible coronavirus (COVID 19) infection.)

26. Risk assessment

- 26.1. The **Head Teacher** has overall responsibility for ensuring potential hazards are identified and risk assessments are completed for all areas in the school. The **Premises Manager** and/or **Compliance Officer** will be consulted when risk assessments are being carried out.
- 26.2. **Annual** assessments of high-risks areas, such as laboratories, will be undertaken.
- 26.3. **Annual** risk assessments will be conducted for all other areas of the school.
- 26.4. Risk assessments will consider the needs of staff, pupils, visitors and contractors.
- 26.5. Risk assessments will identify all defects and potential risks along with the necessary solutions or control measures.
- 26.6. Risk assessments will be reviewed if:
- There is any reason to suspect that they are no longer valid.
 - There has been a significant change in related matters.
- 26.7. The **Governing Board** will be informed of risk assessments, allowing issues to be prioritised and actions to be authorised, along with funds and resources.
- 26.8. The school will record any significant findings of any risk assessments, including the following:
- The identified hazards
 - How people might be harmed by them
 - What the school has implemented to control the risk
- 26.9. **The Educational Visit Co-ordinator (EVC)** will ensure risk assessments are completed by staff leading day trips or residential stays.

27. Slips and trips

- 27.1. In line with HSE guidance, control measures are in place to effectively control slip and trip risks. The school utilises the following procedure:
- Identify the hazards – risk factors considered include:

- Environmental (floor, steps, slopes, etc.)
 - Contamination (water, food, litter, etc.)
 - Organisational (task, safety, culture, etc.)
 - Individual factors (rain, supervision, pedestrian behaviour, etc.)
- Decide who might be harmed and how
 - Consider the risks and decide if existing precautions are sufficient, or if further measures need to be introduced
 - Record the findings
 - Review the assessment regularly and revise if necessary

28. Security and theft

- 28.1. CCTV systems will be used to monitor events and identify incidents taking place.
- 28.2. CCTV systems may be used as evidence when investigating reports of incidents.
- 28.3. Money will be held in a safe and banked on a **weekly** basis to ensure large amounts are not held on-site.
- 28.4. Money will be counted in an appropriate location, such as the **Finance office**, and staff should not be placed at risk of robbery.
- 28.5. Staff and pupils are responsible for their personal belongings and the school accepts no responsibility for loss or damage.
- 28.6. Thefts may be reported to the police and staff members are expected to assist police with their investigation.
- 28.7. All members of staff are expected to take reasonable measures to ensure the security of school equipment being used.
- 28.8. Missing or believed stolen equipment will be reported immediately to a senior staff member.
- 28.9. The school will install access control and security measures to ensure the safety of the school, e.g. security glazing on windows.
- 28.10. The school will ban individuals from the premises if they pose a risk to any member of the school community.
- 28.11. The school will consider any risks that are posed by their local context, e.g. recent arson attacks.

29. Severe weather

- 29.1. The **Head Teacher**, in liaison with the **Premises Manager**, makes a decision on school closure on the grounds of health and safety.
- 29.2. If a closure takes place, the **Clerk of Governors** will be promptly informed.

29.3. The school will act in accordance with the **Adverse Weather Procedures** at all times.

30. Safe use of minibuses

30.1. Health and safety policy and procedures concerning school minibuses are contained in the school's **Minibus Policy**.

30.2. The **Premises Manager** is responsible for arranging the annual maintenance of the **minibus and /or minibuses**, including MOTs and road tax.

30.3. The driver will have a current license, be aged between 21 and 70 years and hold a full licence (D1 or Group D) or passenger carrying vehicles.(PCV entitlement)

30.4. Drivers will complete the relevant documentation from the **Premises Manager** and supply a photocopy of their driving licence.

30.5. If passengers are paying a charge, the minibus permit will be clearly displayed in the vehicle.

30.6. Internal damage to the minibus is the responsibility of the individual or organisation using the minibus. The school will decide who is responsible for covering the cost of any repairs.

30.7. The minibus will carry strictly one person per seat and seat belts will be worn at all times.

30.8. The driver will pay fines accrued at the time the offence was committed.

30.9. Starting and closing mileage, along with any potential risks or defects identified, will be reported upon return to the school.

30.10. The following staff members hold the required licence and have completed specific training allowing them to drive the school **minibus**:

Staff member's name & Role	
Adam Thorne	Head Teacher
Ali Hamson	D of E Volunteer
Barry Hawes	D of E Volunteer
Chris Morris	Premises Manager
Chris Sullivan	Head of PE
Cliff Everitt	Learning Support Assistant
Daniel Lear	Teacher
Dave Parker	Assistant Head Teacher
David Hawes	D of E Volunteer
Donna Pearce	Admin Assistant

Georgina Wyatt	Teacher
Gill Newlyn	Sports Partnership
John Doherty	Teacher & Senior Pastoral Lead
Katie Doherty	Teacher
Marcus Cattell	Sports Partnership
Martin Wynne	D of E Volunteer
Micayla Dodd	Teacher
Michael Kafouris	PE Teacher
Paula Morris	D of E Volunteer
Tim Beaumont	Teacher & Behaviour Manager
Peter Craft	Teacher
Keith Thwaites	Teacher

31. School trips and visits

- 31.1. Health and safety policy and procedures concerning school trips and visits, including trips abroad, are contained in the school's **Educational Trips and Visits Policy**.

32. Manual handling

- 32.1. Manual handling can prove hazardous when it has the potential to cause a musculoskeletal disorder. This can be due to repetition of the action, the force and/or posture involved in the completion of a handling task, and/or a person's ability to hold/grasp the particular item in a safe and balanced manner.
- 32.2. In order to manage these risks, we provide Manual Handling Training for specific staff, by an external qualified professional.

33. Working at heights

- 33.1. Policy and procedures concerning employees working at heights are addressed in the **Working at Heights Procedures**
- 33.2. Staff members are required to sign statements confirming that they have received read and understood the policy, prior to being allowed to work at heights.

34. Lone working

- 34.1. Policy and procedures concerning employees' lone working are addressed in the **Lone Working Policy**.
- 34.2. Staff members are required to sign statements confirming that they have received read and understood the relevant policy/policies, prior to being allowed to undertake lone working.

35. Workplace health and safety: stress management

35.1. Staff will be aware of the symptoms of stress, including sleeping problems, dietary problems, mood swings, feeling lethargic, fatigue, emotional problems, chest pains and elevated heart rate, lack of focus, inability to concentrate and increased sweating. Staff members who suffer from any of these symptoms are advised to consult their GP as soon as possible.

36. Workplace health and safety: display equipment

36.1. Display screen assessments will be carried out by the **Compliance Officer** for teaching staff and administrative staff who regularly use laptops or desktops computers.

37. Monitoring and review

37.1. The **Head Teacher** and **The Governing Board** will monitor the effectiveness of this policy continually. Any necessary amendments may be made **immediately**.

37.2. The next scheduled review date for this policy is **October 2021**.

37.3. The school will establish a monitoring system that is backed up by performance measures and this will be reviewed following an incident.

Managing Specific Infectious Diseases

Coronavirus (COVID19)	A new, continuous cough and a high temperature are the main symptoms of coronavirus.	Cases will be sent home and advised to contact 111 for advice, or 999 if they become seriously ill or believe their life is at risk. The local HPT will be contacted if an outbreak occurs.	Cases will be required to self-isolate at home for 7 days if they live alone, or 14 days if they live with others.
-----------------------	--	--	--

Classroom Checklist

Please note, this is not an exhaustive list and you should identify any other hazards associated with the daily use of the classroom in additional tables, including any further actions needed. If necessary, discuss your concerns with a senior leader in your school.

	Questions you should ask concerning your classroom environment:	Yes/No:	Further action required:	
Movement around the classroom (slips and trips)	Is the internal flooring in good condition?			
	Are there any changes in floor level or type of flooring that need to be highlighted?			
	Are gangways between desks kept clear?			
	Are trailing electrical leads/cables prevented wherever possible?			
	Is lighting bright enough to allow safe access and exit?			
	Are procedures in place to deal with spillages, e.g. water and blood from cuts?			
	For stand-alone classrooms:			
	Are access steps or ramps properly maintained?			
	Are access stairs or ramps provided with handrails?			
Work at height (falls)	Do you have an 'elephant-foot' step stool or stepladder available for use where necessary?			
	Is a window-opener provided for opening high-level windows?			
Furniture and fixtures	Are permanent fixtures in good condition and securely fastened, e.g. cupboards, display boards, shelving?			
	Is furniture in good repair and suitable for the size of the user, whether adult or child?			
	Is portable equipment stable, e.g. a TV placed on a suitable trolley?			
	Where window restrictors are fitted to upper-floor windows, are they in good working order?			

	Are hot surfaces, such as radiators, protected where necessary to prevent the risk of burns to vulnerable young people?		
Manual handling	Have trolleys been provided for moving heavy objects, e.g. computers?		
Computers and similar equipment	If you use computers as part of your job, has a workstation assessment been completed?		
	Have pupils been advised about good practice when using computers?		
Electrical equipment and services	Are fixed electrical switches and plug sockets in good repair?		
	Are all plugs and cables in good repair?		
	Has portable electrical equipment, e.g. laminators, been visually checked and tested at suitable intervals to ensure that they are safe to use? (There may be a sticker to show it has been tested.)		
	Has any damaged electrical equipment been taken out of service or replaced?		
Asbestos	If the school contains asbestos, have details of the location and its condition in the classroom been provided and explained to you?		
	Have you been provided with guidance on securing pieces of work to walls/ceilings that may contain asbestos?		
Fire	If there are fire exit doors in the classroom, are they unobstructed, unlocked and easy to open from the inside?		
	Is fire-fighting equipment in place in the classroom?		
	Are fire evacuation procedures clearly displayed?		
	Are you aware of the evacuation drill, including arrangements for any vulnerable adults or children?		
	Does the room have natural ventilation?		

Workplace (ventilation and heating)	Can a reasonable room temperature be maintained during use of the classroom?		
	Are measures in place, e.g. blinds, to protect from glare and heat from the sun?		

Register of Appointed Persons

The below is a list of all staff members who have a role in ensuring the effective implementation of this Health and Safety Policy – schools should ensure that the register is kept up-to-date.

Role	Appointed person
Health and Safety Link Governor	C Davies
Head Teacher	A Thorne
Competent Person	RSA-In House Safety
Health and Safety Co-ordinator	C Morris - G Casson
Premises Manager	C Morris

Construction Phase Plan

Under The Construction (Design and Management) Regulations 2015, the school, as client, has a duty to ensure that a Construction Phase Plan is completed by the principal contractor before any construction or maintenance project is commenced. You have been appointed under CDM 2015 by the client and should be aware of your duties and obligations under these regulations. You should complete this Construction Phase Plan or submit your own before starting work. Completion of this form will indicate that you are aware of your duties under CDM 2015 and will discharge them accordingly.

N.B. Construction phase plans should be proportionate to the scale and complexity of the project, and to the risks involved – if the job will last longer than 500-person days or 30 working days (with more than 20 people working at the same time) it is likely that the below plan format will be too simple.

Your name/company:		<u>Name of principal contractor</u>	
Name and address of client			
<u>Name of school</u>			
<u>Address line 1</u>			
<u>Address line 2</u>			
<u>Town/city</u>			
<u>Postcode</u>			
Principal designer			
Name of principal designer			
Address			
Phone number			
Email address			
What is the job?			
Is there anything the client has made you aware of?			
Key dates			
Start:		Finish:	
		Other:	
Where are your toilet, washing and rest facilities?			

--

What are your fire and emergency procedures?

--

Other employees of the contractor working on site

Name	Contact details

What are your site induction arrangements?

--

How will you keep everyone on site updated during the job?

--

Risk assessment

What are the main dangers on site?	Hazard is present? (Y/N)	What controls do you have?
Falls from height		<ul style="list-style-type: none">• Ladders are kept in good condition, at the correct angle, and secured.• Guardrails, midrails and toeboards are used to prevent people and materials falling from roofs, gable ends, working

		platforms and other open edges.
Collapse of excavations		<ul style="list-style-type: none"> Excavations are shored, either with a cover or a barrier, to stop people and plant from falling in.
Collapse of structures		<ul style="list-style-type: none"> Props are installed by a competent person to support structures.
Exposure to building dusts		<ul style="list-style-type: none"> Dust is prevented by using cutting and vacuum extraction on tools. Vacuum cleaners are used instead of sweeping. Suitable and well-fitted masks are used.
Exposure to asbestos		<ul style="list-style-type: none"> Where the presence of asbestos is suspected, work is not started until a demolition/refurbishment survey is carried out. Everyone on site is made aware of the outcome of the survey,
Activities or workers requiring supervision		<ul style="list-style-type: none"> The appropriate supervision is provided.
Electricity		<ul style="list-style-type: none"> The electricity supply and other services are turned off before drilling into walls. Excavators and power tools are not used near suspected buried services.
Risks to members of the public, the client and others		<ul style="list-style-type: none"> The site is kept secure in order to prevent unauthorised access. Net scaffolds are used. Rubbish chutes are used.
