YEAR 12 GEOGRAPHY SUMMER TASK

WE WILL BE STUDYING THE EDEXCEL SPECIFICATION

[HTTPS://QUALIFICATIONS.PEARSON.COM/EN/QUALIFICATIONS/EDEXCEL-A-LEVELS/GEOGRAPHY-2016.HTML](https://qualifications.pearson.com/en/qualifications/edexcel-a-levels/geography-2016.html)

Tasks for September 2021

1. To prepare for the **TECTONIC PROCESSES AND HAZARDS UNIT**

Keep a detailed record of tectonic hazards, (earthquakes, volcanic eruptions and tsunamis) that happen over the summer break. You could keep this as a diary.

Include the date, time, location, and magnitude of the event, impact of the event on the people, environment and economy.

Good places to research are USGS (United States Geological Survey) website, the newspapers and the BBC website and news.

2. To prepare for the **COASTAL PROCESSES AND CHANGE UNIT**

Research one coastal area; it may be one you have visited in the past.

Find some images or photographs you have taken of the area. Annotate them with the following information:-

1. How is the area being used?
2. What is the natural landscape like?
3. How is this area being managed?

COMPLETE THE HAZARDS AND COASTS TASKS ON DIFFERENT PIECES OF PAPER. YOU WILL NEED TO GIVE THESE TO YOUR TEACHER FOR EACH UNIT AT THE START OF YEAR 12 IN SEPTEMBER.
