This policy has been reviewed and to the best of our knowledge, we do not feel that it impacts on any group or individuals' equality rights within our school community.

Statutory Requests for Information policy

It is a legal requirement for all schools to comply with the Freedom of Information Act 2000 (FOI), the Environmental Information Regulations (EIR), the UK General Data Protection Regulations, the Data Protection Act 2018, and the Education (Pupil Information) (England) Regulations 2005.

This policy sets out the rules all staff, governors, contractors and volunteers **must** follow when managing these statutory requests for information.

Policy rules:

1. We must **correctly identify** the law which applies to the information being requested and manage the request in compliance with that law
2. Information should be **released** unless there is a strong legal justification for withholding it.
3. Whenever we **refuse** to provide information, we must clearly and fully explain the reasons why
4. We must provide **advice and assistance** to people making a request.
5. We must always try to **reply** as quickly as possible, but always within the legal deadline.
6. All employees must promptly **provide** all relevant information to a request co-ordinator if asked for it
7. If we decide to **charge** for information, we must do so in accordance with a published policy.
8. Where reasonable and practical, we must provide the information in the **format** requested by the requester.
9. When we respond to a request, we must tell the requestor about our **internal review** process.
10. When responding to a complaint, we must advise the requestor that they may **complain to the Information Commissioner's Office (ICO)** if they remain unhappy with the outcome.
11. We must maintain an up-to-date **Publication Scheme** available on our website to meet our obligations under FOI/EIR
