

Summer school funding

What is the Summer schools programme?

The Summer schools programme was set up in response to the impact that the coronavirus (COVID-19) pandemic had on pupils learning.

The aim of the Summer schools programme was to: Provide opportunity for Year 6 transition to secondary school, establish benchmark/baseline across Numeracy, Literacy, Science and Physical Literacy. The summer school also had a dual focus on supporting Year 6 and 7 pupils' in academic progress and their social and emotional needs. The Summer School programme enabled students to enjoy new experiences, help build confidence, reinforce learning and develop positive patterns of behaviour.

At **Davenant Foundation School** we aimed to ensure that our summer school programme was used by the pupils who would benefit most. In addition to providing support with English and maths, the funding was used to provide a holistic programme which offered an opportunity for pupils to enhance their learning and wellbeing through a range of activities, including, but not limited to: drama, art, music, science, dental hygiene, food & nutrition, environmental workshops and sporting activities.
